It was noted that for some items the offered rates were comparatively higher than the last purchase rates and rates offered to other districts. DRAP vide S.R.O. No. 34(1) 2019 dated 10th January 2019 allow the increase of price upto 15% in addition, devaluation of Pak rupees further contributed in increase rates. It was also decided that before signing of contract undertaking must be taken from all firm that their offered rate are not more than rate offered in any district/ any procuring agency during the financial year 2018-19. However, the subsequent signing of the contract will be after ensuring their responsibility through comparison with Trade Price as per MRP as per MRP (Maximum Retail Price) fixed by the Federal Government under Drugs Act 1975/DRAP Act, 2012 in best public interest. Furthermore all DDO must ensure that before issuance of PO/ or at the time of payment that the offered rates of firms are not more than any district/ procuring agency to bring uniformity.
